CO-CURRICULAR TRIP TO S.C.L.P SAMAJ SCHOOL

Twenty one students from our school visited S.C.L.P Samaj School under the stewardship of Mrs. Rakhi and Mr. Amos, to view the Science Fair projects done by their peers at Samaj School in Nairobi West. They were welcomed by the teachers and the prefects at Samaj School, took photos and waited for the Chief Guests to start the exhibition. With the assistance of the prefects from Samaj School, our students navigated through the exhibition hall. The hall was packed with exuberant students both hosts and visitors.

The projects done by the Samaj School students were quite innovative and useful for the current and future world. Our students learnt new ideas from the projects through presentations. Most notable were the following projects: a website that created awareness about cancer and helped cancer patients to identify suitable hospitals to get treated; small robots that would control traffic using red and green lights; an efficient fire extinguisher that would rotate and spray water in all directions in case of fire and much more. The visit was brief but very informative and fun filled. It was a great way for our students to compare notes with their peers and keep themselves abreast with developments in Science across the world.

Our year 9 students take a group photo with our KS3 Coordinator Mrs. Rakhi Kislay (extreme left) and one of our ICT teacher Mr. Amos(extreme right) on arrival at the S.C.L.P Samaj School, Nairobi.

Some of our students signed the bulletin as a token of appreciation of the great work done by their peers from S.C.L.P Samaj School.

Our year 9 students together with the ICT teacher Mr. Amos were received by prefects upon arrival at the S.C.L.P Samaj School, Nairobi.

PRESERVING CULTURE THROUGH LANGUAGE - KEYA D. BID CELEBRATES MOTHERS THROUGH A GUJARATI POEM

Language is a vital vehicle through which culture is transmitted from generation to generation. In the words of Rita Mae Brown, 'Language is the road map of its culture. It tells you where its people come from and where they are heading'. In the light of these statements, Keya Dhiren Malde, our year 8E student uses Gujarati to celebrate the pivotal role and distinct place of mothers not only in her culture but universally.

In this heartwarming poem that beautifully expresses a mother's love, Keya posits that when a child gets hurt, a mother feels more pain than the child...when a child is hungry, their mother will not even think twice before forfeiting her own share of food ... and what a mother does for her child is immeasurable on any known metric.

Gujarati Poem On My Mother

મા

" જો આંગળી કપાય તો લોહીની ધાર નીકળે ,
લોહીના બુંદે બુંદમાં મારી માનું ઉધાર નીકળે .

તારા હિસ્સાની રોટલીઓ પધરાવી મેં પેટમાં ,
તે તોય મા તારા મુખેથી ઓડકાર નીકળે .

પહેલા મા નિશાળે જાતા જો રડી પડું હું તો ,
એની આંખોમાંથી પણ આંસુ યોધાર નીકળે .

સાત જન્મોની સઘળી પુંજી લગાવી દઉં ,
તોય મારી માવડી મારી લેણદાર નીકળે . "
