WEEK 10 TERM 3 NEWSLETTER 2025–2026

QUOTE OF THE WEEK

**“Always bear in mind
that your own
resolution to
succeed, is more
important than any
other one thing.”**

~Abraham Lincoln

SCHOOL ASSEMBLY

The assembly served as an opportunity to reflect on recent achievements, hear important announcements, and reinforce School Values. Key announcements included the start of Year 10 Pre-Mock and End-of-Term Exams. Students have been strongly encouraged to begin their revision and prepare thoroughly for these important assessments.

SCHOOL ASSEMBLY IN PICTURES

YEAR 10 PRE-MOCK EXAMS

Our Year 10 Pre-Mock Examinations are now in full swing. These exams are a vital stepping stone, providing students with a realistic experience to refine their exam techniques and identify areas for growth. As the exams continue, we encourage all students to stay focused, take it one paper at a time, and maintain a positive mindset.

TUESDAY CLUBS

School Clubs foster teamwork, leadership, and personal growth, creating a well rounded learning experience beyond the classroom. Through hands-on activities in areas like Music, Arts, Computer Coding, Indoor Galaxy, and many other clubs, students explore their passions, build confidence, and develop essential life skills.

WEEKLY PASTORAL THEME

CELEBRATING PROGRESS & LOOKING AHEAD

Celebrate your Achievements

Dear Students,

As we reflect on our journey through this academic year 2025 – 2026 at Oshwal Academy Junior High, Nairobi, it is important to take a moment to appreciate the progress we have made and to reaffirm our shared commitment to growth and excellence. This period offers a valuable opportunity for both self-examination and encouragement, as we continue to nurture not only academic achievement but also character, integrity, and compassion.

Throughout the 2025–2026 academic year, each one of you has demonstrated resilience, dedication, and a spirit of perseverance. Whether through academic pursuits, leadership roles, or acts of kindness and service within our school community, your efforts exemplify the values we hold dear at Oshwal Academy. It is these qualities—integrity, empathy, humility, and respect—that form the foundation of our holistic development and define our collective identity.

As your pastoral caregivers and educators, we encourage you to reflect on your personal growth so far. Consider the goals you have set at the beginning of this academic year, the challenges you have faced, and the lessons you have learned along the way. Recognize the strength and potential within you, and let this awareness inspire you to continue striving for excellence, not only academically but also in your character and interaction with others.

Looking ahead, let us reaffirm our commitment to supporting one another, embracing compassion, and fostering a nurturing environment where everyone can flourish. The journey of growth is ongoing, and each day presents new opportunities to develop into the best versions of ourselves. Remember, at Oshwal Academy, we believe that true success is measured not only by achievements but also by the kindness and integrity with which we approach life.

Together, let us walk this path with purpose, humility, and a compassionate heart, confident that the future holds great promise for each of us. We are proud of your accomplishments thus far and excited to see

WEEKLY PASTORAL THEME

the positive impact you will continue to make in our community and beyond.

- **New skills learned:** Whether it's mastering a new math concept, developing a musical talent, or improving your writing, every new skill is a step forward.
- **Friendships built:** The friendships you've formed have made our school community stronger and more supportive.
- **Challenges overcome:** Facing difficulties and working through them shows resilience and determination.
- **Fun memories:** The laughter, teamwork, and shared experiences make this journey special.

Set new goals for the coming Academic Year and keep believing in yourself.

Remember:

- **Every step forward counts.** No achievement is too small—each one is progress.
- **Keep trying—even when things are tough.** Persistence is key to success.

Activity: Create Your Goals Board!

Take a moment to visualize your future success. Create a "Goals Board" — a visual reminder of what you want to achieve next. Use pictures, words, or drawings to illustrate your aspirations. Place it somewhere you can see every day to stay motivated and focused.

Inspirational Quote

"Believe you can, and you're halfway there." — Theodore Roosevelt

Let's continue to celebrate our progress and look ahead with enthusiasm and confidence. You are capable of amazing things!

FROM SPORTS CORNER

The Sports Department has been vibrant and dynamic, enabling students to actively participate in numerous Inter-School Sports Competitions and showcase their talents.

U13 Girls’ Basketball Team Crowned 2026 IPSSA Champions.

Jash Haria 11G took 6th position overall in the Boys’ Badminton category.

THOUGHT OF THE WEEK

DETERMINATION

turns dreams into plans and plans into
achievements.

Keep striving, stay focused,
and
never give up!

Greatness is within your reach.

MORAL STORY ON THE IMPORTANCE OF DETERMINATION

The Girl Who Tamed the Numbers

In the bustling city of Chennai, young Anjali attended a vibrant school, loved by her friends and teachers. She excelled in most subjects – her essays were vivid, her history lessons memorized perfectly, and her science experiments always bubbling with excitement. But there was one subject that made Anjali's heart sink: Mathematics.

Numbers seemed to dance mischievously on the page, formulas tangled into knots, and problems felt like insurmountable mountains. Despite her best efforts, her math scores were consistently low, and a shadow of self-doubt began to creep in. Her friends, who found math easy, would often try to help, but Anjali would just stare blankly at the equations. "I'm just not good at math," she'd often sigh, feeling a wave of despair.

One day, her math teacher, Mrs. Sharma, noticed Anjali's struggle. Instead of scolding her, Mrs. Sharma called Anjali aside. "Anjali," she said kindly, "Mathematics is not about being 'good' or 'bad' at it. It's about determination. It's like climbing a tree; you might slip a few times, but if you keep trying, you'll eventually reach the top."

Mrs. Sharma's words resonated with Anjali. That evening, instead of giving up, Anjali made a silent promise to herself. She would tame the numbers. She started dedicating an extra hour every day to math. She didn't just do her homework; she revisited old concepts, watched online tutorials, and practiced problems until her fingers ached. She wasn't afraid to make mistakes; in fact, she saw each error as a stepping stone, a chance to understand where she went wrong.

Her friends noticed her newfound determination. They saw her patiently working through problems, sometimes muttering to herself, sometimes drawing diagrams to visualize the numbers. There were days when she felt frustrated, when a concept just wouldn't click, but she remembered Mrs. Sharma's words and pushed through.

Slowly, almost imperceptibly, the numbers began to make sense. The formulas started to untangle, and the problems no longer looked like mountains but like solvable puzzles. In the next math test, Anjali still felt nervous, but a quiet confidence had replaced her usual dread.

Anjali hadn't become a math genius overnight, but she had achieved something far more important: she had conquered her fear and proven that **determination** could turn her biggest weakness into a growing strength. From that day on, Anjali approached every challenge, academic or otherwise, with the same unyielding spirit.

Moral of the Story: Determination is not just about achieving a big goal; it's also about overcoming personal struggles and improving through consistent effort, even in areas where you feel you lack natural talent. spirit.

REF: CALL TO RETURN LIBRARY BOOKS

As we approach the end of the term/ academic year 2025/2026, the school would like to communicate the following:

- The deadline for returning library books was 20th/06/2026. Students who failed to return their books are required to return their library books immediately.
- Deadline for returning class readers is after your English exam

All Lost books should be replaced with a new copy of the same immediately.

We wish you all the best as you prepare and sit for your end of term exams.

Thank you
